Profile

Fineurop Soditic is an independent corporate finance boutique established in 1998. Its activities range from mergers and acquisitions to debt advisory. Headquartered in Milan, Fineurop Soditic has an extensive international network.

Fineurop Soditic has successfully completed over 650 domestic and cross border transactions with family owned businesses, large corporates and private equity firms. It has established a position as a leading player in the Italian market with a particular focus on mid-sized businesses.

Fineurop Soditic's main shareholders are the **Fineurop Group, active in export finance since 1966; **Soditic Finance**, an international financial services company based in London and Geneva; and the senior management.**

Besides corporate finance, Fineurop Group is successfully active in direct investments and investments in distressed assets. It has promoted a special purpose acquisition company (SPAC) named **SprintItaly, which has performed a business combination with SICIT 2000, in May 2019.**

Fineurop Soditic is an Associate Member of **AIFI (Italian Venture Capital and Private Equity Association) and it is also member of the **World M&A Alliance**, (international cooperation of independent M&A advisory firms, each having a strong track record in their home market).**

The Fineurop Group

Fineurop Soditic international network

Fineurop Soditic has developed a wide international network, either by signing one-to-one partnerships with advisory firms abroad and by joining the World M&A Alliance, an international network of independent M&A advisory firms, each having a strong track record in their home markets.
